Sometimes the place and importance of fathers in the family structure is neglected or much under-rated! Yet, from the beginning, as God formed the human family with both parents playing a vital role in the development of the human family. Traditionally, Fathers are depicted as providers and protectors. But they're much more than that! The Father's love, care, and concern are just as important. He also is a listener and confider, a teacher of baseball, and grass-cutting, planting, and painting.

Fathers, God bless you on your special day. May you realize your important role in your family, and may your family always love, cherish, and honor you, and that the Holy Spirit guide you always in the name of the Father, Son, and Holy Spirit.

A Family Perspective - Just as the apostles in today's gospel were amazed at the power of Jesus so our children are amazed at our lack of fear of dark rooms or monsters in closets or under beds. As the apostles depended on Jesus, children depend on us to restore quiet to their lives. Getting out of bed at night to quiet a child's fears is the stuff of holiness.
