

Tusky Easter Message (for bulletin)

***NOT** the regular bulletin article.*

This is in addition to the reg. art.

So, the days of our Lenten journey are behind us. Today, we celebrate the victory of Christ, life after death. Because of our baptism, the promises which we renew this Easter, we are Easter people! Therefore, if we follow Christ closely, especially by receiving Communion frequently, we have no reason to fear death, bearing his name, Christ-ian.

I pray that you and your family will enjoy the blessings of this day and everyday of your life. After all, we are 'made to his image and likeness'...we reflect God in our very essence, our immortal soul. We have seen the depths of his love, as we ponder all that happened on Golgotha, Calvary-hill. His empty tomb is our assurance that Jesus is God and, therefore, we have hope for ourselves.

Happy Easter, my fellow Christ-ian!—fr.t.
