

Easter has finally arrived and with it, our spiritual journey through Lent is behind us, hopefully, never to be forgotten. The experience of our Lenten journey is now a permanent part of our relationship with Jesus. Christ has conquered death and given us the gift of new life with a clear chance at eternal life with Him.

With all that happened on Good Friday,
Our Lord demonstrated His endless love for us.

With all that happened on Easter Sunday,
Our Lord demonstrated that He was, in fact,
THE Son of God!

*May the joy of knowing that God has loved us to death always inspire us to never give up. May such knowledge always inspire us to act like the children of God that we are. Our participation throughout the Lenten season, and especially during Holy Week, has been a testament of our love and devotion to our God. May this love and devotion to our God translate to Christian **ACTION** in our daily lives... especially in our own homes. Our Lenten journey, I pray, has enhanced our relationship with the Lord and increased His grace (= friendship/presence) in our lives. If we truly love God, we will always struggle to follow his ultimate command:*

“Love one another as I have loved you!”

CHRIST IS RISEN!

Fr. Boyle, parish personnel, and I wish you a very Happy, Holy Easter Season. I especially thank you for your many beautiful and thoughtful cards & gifts!
Sincerely, your rather tired & very happy Vicar, fr. 't.'
